Hello I'm Şafak. I have been a developer in all aspects for about 7 years. I am primarily experienced in Back-End Development, but I can alsa manage complete SaaS application development steps , from configuring databases to designing buttons. I feel comfortable developing applications with .Net Core, .Net , Angular and I am currently trying to improve my golang skills. . I speak Turkish and English and I am currently trying to improve my English skills.

PROFESSİONAL EXPERİENCE

Senior Software Engineer
Birleşik Ödeme Sistemleri - Offline Collection Team
03.2019 - Present
As a contractor Provides direction for applications in development. Researches and develops new ways to improve development process.
We are developing API and UI for credit, invoice payment and payment systems. Technologies we use .Net core.
